## SUMMARY

---

Aspiring BCA graduate with a solid foundation in programming and software development. Passionate about problem-solving and eager to apply technical skills in a dynamic, growth oriented environment. Seeking opportunities to enhance my knowledge and contribute to innovative projects.

## SKILLS

---

- **HTML CSS:**

- Proficient in structuring web pages using semantic HTML, forms, tables, lists, links, and embedded media.
- Skilled in styling layouts with CSS selectors, Box Model, Flexbox, Grid, and positioning.
- Experienced in creating responsive designs using media queries, transitions, and basic animations..

- **JavaScript:**

- Strong understanding of JS fundamentals, variables, operators, functions, and ES6+ features.
- Skilled in working with arrays and objects using **map**, **filter**, **reduce**.
- Built interactive UI features using **DOM/BOM** manipulation and event handling.

- **React.js:**

- Proficient in building UI with functional components, props, state management.
- Familiar with hooks including **useState**, **useEffect**, **useRef**, and **useContext**, and **React Router** for SPA navigation.
- Experienced in fetching and handling data from APIs using **Fetch API** and **Axios**.

- **Node.js:**

- Worked on backend development using **Node.js core modules**, including **File System (fs)** (**sync/async operations**) and **HTTP request handling**.
- Implemented basic **routing** and used **streams** for handling server-side data execution.

- **Express.js:**

- Used Express.js to build **RESTful APIs** and handle HTTP requests and responses.
- Worked with **routers** and **controllers** to organize routes and manage request logic.
- Familiar with using **schemas** to define data structure and working with request parameters and request bodies.

- **MongoDB:**

- Connected **Node.js / Express** applications with **MongoDB** to store and manage real data.
- Performed **CRUD operations** on MongoDB using **async/await**.
- Familiar with working on **collections** and documents, including creating, updating, and retrieving data using MongoDB queries.

# PROJECTS

---

- **MERN Projects:**

- **Notes Application :** Built a full-stack Notes application using the MERN stack. Implemented RESTful APIs to create, read, update, and delete notes. Built a responsive React frontend for managing notes. Connected the backend with MongoDB to store and manage notes data.
- **Classy Massy :** Developed a full-stack E-Commerce application using the MERN stack with user and admin portals. Implemented login functionality, where users can view products, add items to the cart, and place orders. Built an admin portal to add and manage products.

- **React Projects:**

- **CircuitHub :** Developed an e-commerce electronics website CircuitHub with category-wise product listings, add-to-cart and remove-from-cart functionality, and a dynamic form to add new products by category.
- **Movie Database :** Movie Finder app fetching details (title, year, cast, IMDb rating, poster) from OMDb API using async REST calls.
- **Spotify Music App :** Developed a music search application using React.js by integrating the SpotifyAPI to search and display songs based on user input.
- **Product Listing App :** Integrated the FakeStore API in a React application to fetch and display product data using Axios and React Hooks for better data presentation.
- **Todo App :** Built a Todo List application using React with features to add, delete, and move tasks up and down using efficient state management.

- **Web Projects:**

- Created static project pages including **KnightBite**, **Shaadi**, **Netflix Clone**, and **Facebook Login UI** etc..
- Built JavaScript mini-projects such as **OTP Validation**, **Digital Clock**, **Calculator**, and **Password Validation** etc..

# EDUCATION

---

2022 – 2025	Bachelor of Computer Applications(BCA), PESI-AMS, Shivamogga	CGPA: 8.7
2021 – 2022	Pre-University (PUC), Imperial PU College, Shivamogga	Percentage: 88.50%
2019 – 2020	Class X, Govt.High School, Shivamogga	Percentage: 83.68%

# DECLARATION

---

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
